

## FIRE EXTINGUISHER STAND

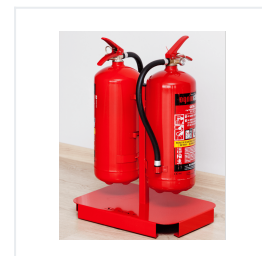

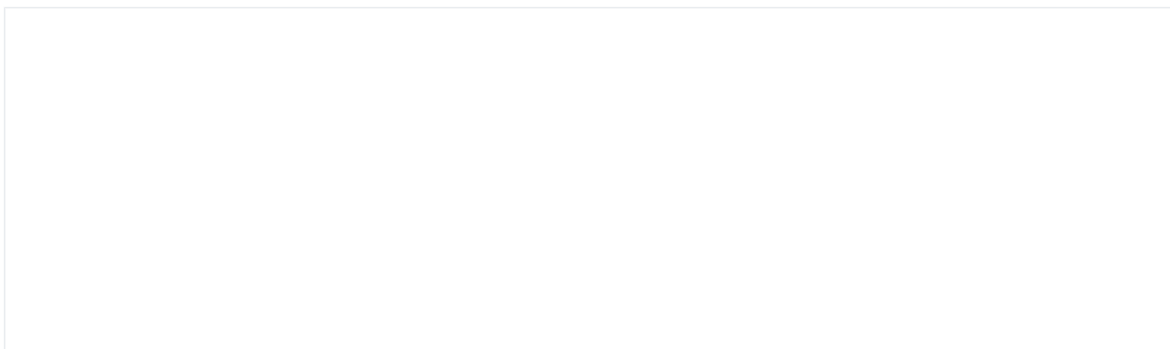

Stands for fire extinguishers are designed to protect the fire extinguisher from damage, they are an alternative to wall hangers. Made for fire extinguishers with powder weights from 4 to 6 kg and carbon-dioxide fire extinguisher GS 5 kg.

### Standard execution:

- Metal stand for a fire extinguisher made with the utmost attention to aesthetics, durability and functionality. Protected against corrosion lacquered with [Facade type polyester powder paint](#). Made of black metal sheet in RAL 3000 or RAL 9003. Plastic feet and plugs for holes.
- The stand can be equipped with a mast terminated with:
  - a cylinder (up to three characters of a fire extinguisher sign), or
  - a blackboard with one sign of a fire extinguisher.
 The height of the stand with the mast is about 1638 mm.
- To the mast you can additionally mount a fire-blanket cabinet

**NOTE** There is a template on the stand's cardboard packaging that can be used to drill holes in the ground to permanently screw the stand to the ground.

### Type of stand for fire extinguishers:

Stand for 1 fire extinguisher GP-4x to GP-6x (Code: S-SGG-ST-GP)

Stand for 1 fire extinguisher GS-5x (Code: S-SGG-ST-GS)

Stand for 2 fire extinguishers GP-4x to GP-12x (Code: S-SGG-ST-GPX2)

Stand for 2 fire extinguishers GS-5x (Code: S-SGG-ST-GSX2)

Mast for fire extinguisher stand (Code: S-SGG-ST-MASZT-RURA)

Cabinet for a fire blanket (Code: S-SO-KOC-400x340x50-P-3000)

"Flat" mast head (Code: S-SGG-ST-MASZT-GŁP)

"Cylinder" mast head (Code: S-SGG-ST-MASZT-GŁW)

Stand for 1 fire extinguisher GP-4x to GP-6x and fire blanket 1,2×1,8m (Code: S-SGG-ST-GP-UCHWYT-KOC)
